

Renewing Skin Crème

Short Summary:

Help your skin retain its natural moisture and restore its appearance with renewing skin crème (formerly R3 Factor®) — a rich combination of pure inner leaf aloe vera gel, soluble collagen, olive squalane, alpha hydroxy acids, and vitamins A and E, each vital to healthy-looking skin.

Long Summary:

Vitamin E is a powerful antioxidant, while vitamin A is beneficial to the overall well-being of the skin.

Olive squalane helps skin retain natural moisture and helps maintain skin's suppleness and flexibility.

Alpha hydroxy acids (AHAs), which come from natural plant sources and are also called fruit acids, may provide enzymatic assistance to the skin as it releases dead skin cells.

By combining AHAs with soothing aloe, renewing skin crème provides a first line of defense in fighting the harsh effects of time to preserve your skin's youthful-looking appearance.

CODE:
650

QUANTITY:
56,7g

Suggested Use:

After cleansing, apply to face, neck and other areas where needed. For best results, use both morning and night.

Please note: It is advisable to perform a patch test before using any topical product for the first time.
