CODE:

205

QUANTITY:

118ml

Suggested Use:

Apply liberally two-to-three times a day. Massage well into the skin.

Please note: It is advisable to perform a patch test before using any topical product for the first time.

Description and Purpose:

- + MSM (methylsulphonylmethane) is a naturally-occurring source of organic sulphur and a key component of connective tissues and joints. It is found in every cell in the body and it assists in cartilage repair.
- + The main ingredient of this product is stabilised aloe vera gel together with MSM and other herbal extracts. It is a clear, non-staining gel which can be applied liberally to the skin overlying the joint or muscle and massaged in. Lignin, a component of the stabilised gel, gives this product the ability to penetrate deep into the skin.

At a glance...

- + Soothes strains.
- + Pleasant smelling gel in a non-staining formula.
- + Contains pure stabilised aloe vera gel.
