

# Protecting Day Lotion

## Short Summary:

Surround your skin in a veil of moisture with our protecting day lotion. This silky cream contains over twenty skin-conditioning ingredients and shields your skin from harmful UV rays due to its broad-spectrum sunscreen with SPF 20.

## Long Summary:

Surround your skin in a veil of moisture with our protecting day lotion. This silky cream contains over twenty skin-conditioning ingredients and shields your skin from harmful UV rays due to its broad-spectrum sunscreen with SPF 20. This natural mineral sunscreen contains key ingredients, including aloe vera, watermelon extract and plant extracts, to help fight against oxidative processes, improve skin's tone and texture and provide ultimate hydration.

### CODE:

557

### QUANTITY:

50ml

## Suggested Use:

After cleansing, evenly apply on the face and neck every morning.

## Description and Purpose:

- + Start your day off right by arming your face against environmental aggressors and harmful UV rays! Protecting day lotion is loaded with lush fruit and herbal extracts, including the Crambe plant with an unusually high amount of fatty acids in its oil, which improves skin's tone and texture. Watermelon extract with high amounts of antioxidants helps fight against oxidative processes.
- + Combining natural mineral sunscreens, titanium dioxide and zinc with allantoin, known for its gentle properties to soothe skin, helps make this THE perfect daily lotion.
- + Moisturize and protect with protecting day lotion SPF 20.

## At a glance...

- + Shields against harmful UV rays with broad spectrum natural mineral sunscreen.
- + Powerful botanicals deliver moisture and protection.
- + Defends skin from dark spots caused by aging.
