

Forever Aloe Scrub

Short Summary:

Unlike some scrubs that use plastic microbeads, we use microspheres of jojoba which roll over your skin gently.

Long Summary:

Unlike some scrubs that use plastic microbeads, we use microspheres of jojoba which roll over your skin gently. As they roll, they pick up the dead skin cells that clog up pores and cause skin to look dull. Gentle enough for everyday use for your face or body, the natural ingredients exfoliate and reveal healthy-looking skin.
