

Aloe Bio-Cellulose Mask

Short Summary:

Aloe bio-cellulose mask moisturises deeper than traditional masks by fusing aloe and seagrass between bio-cellulose fibres.

Long Summary:

Forever's aloe bio-cellulose mask provides potent hydration thanks to forward-thinking technology and natural ingredients. Its bio-cellulose fibres fit the contours of your face to deeply moisturise and to ensure every impressive botanical penetrates the fine lines and wrinkles traditional sheet masks fail to reach. Through a process unique to Forever, aloe bio-cellulose mask's formula fuses pure aloe and seagrass with the bio-cellulose fabric to soothe, soften and condition skin. This environmentally-friendly mask has also been enriched by a moisturising serum of green tea and horse chestnut that rejuvenates dull skin by combatting the signs of ageing and reducing the appearance of redness.

Description and Purpose:

- + The aloe bio-cellulose mask provides dual-phase benefits. Through a process unique to Forever, a special bacteria naturally ferments aloe vera gel from our own plantations and seagrass then fuses them into bio-cellulose fabric to soothe, soften and condition skin.
- + In addition, a serum enriched with green tea, and horse chestnut rejuvenates dull skin, helps fight free radicals to help combat the signs of aging and soothes to reduce the appearance of redness. That's two incredible tasks from just one mask.
- + Our bio-cellulose mask is easy to use and requires no rinsing. Simply massage the remaining serum into your face and neck.
- + Because bio-cellulose allows the serum to penetrate many times deeper than traditional masks, you'll feel the powerful hydration much longer after use.
