

Sonya Illuminating Gel

Short Summary:

Encapsulated peptides in our quick absorbing gel help even skin's overall appearance to leave you with a soft, smooth complexion and a healthy glow.

Long Summary:

Restore skin's natural brilliance and give your skin a natural glow with Sonya Illuminating Gel. Encapsulated peptides in our quick absorbing gel help even skin's overall appearance, and a combination of five Asian botanicals, including licorice root, even and brighten the appearance of overall skin tone to leave you with a soft, smooth complexion and a healthy glow.

CODE:

606

QUANTITY:

28,3g

Suggested Use:

Use twice daily in the morning and evening on the face and neck after cleansing. Gently massage a small amount over entire face for a radiant glow.

Description and Purpose:

+ Licorice root and a unique blend of green and brown algae help to even skin tone and blur the appearance of age spots. This algae blend is paired with liposomes to ensure the benefits get delivered to your skin right where they are needed. We also utilized red clover flower extract to help reduce the appearance of large pores.

+ Another reason illuminating gel is not like anything else available on the market is a unique collection of five Asian botanicals: scutellaria baicalensis root, glycyrrhiza glabra root, morus alba root, artemisia capillaris flower and zizyphus jujube fruit. These oriental plants are known for their ability to even and brighten overall skin tone.

+ Your improved skin will reflect a soft, smooth texture and emit a healthy glow with enviable results.

At a glance...

- + Evens skin tone.
- + Brightens skins' overall appearance.
- + Reduces the appearance of large pores.
